Mental Mathematics - Set C - Test 1

I am going to start with the practice question. I will then ask you 20 questions for the test. You will see a box on your answer sheet to write your answer. For some questions there will be some information on the sheet to help you.

I will read each question twice, and then you will have some time to work out the answer and write it down.

Here is the Practice Question. You will have 5 seconds to complete this question.

	P	What are the two numbers shown on your answer sheet added together?
--	----------	--

Put your pens or pencils down. The answer is ...7..... Are there any questions?

Now we are ready to start the test. For the first group of questions you will have 5 seconds to work out each answer and write it down.

Answer Question Question
 Number

183	1	What number is shown in the abacus?
Circle	2	Write down the name of the shape. Spelling is important
36	3	Sophie has sixteen felt tip pens. She is given twenty more for her birthday. How many does she have now?
14	4	Listen to this number pattern, 2, 5, 8, and 11. What is the next number in the number pattern?
6 and 12	5	Look at the numbers on you answer sheet. Circle the even numbers.

For the next group of questions you will have 10 seconds to work out each answer and write it down.

Answer Question Question
 Number

3	6	What is eight minus five?
15	7	Caroline has three bags of sweets. In each bag she has five sweets. How many sweets does caroline have?
4	8	Raul has three dogs. He has twelve dog biscuits that he wants to share equally amongst his three dogs. How many dog biscuits does each dog get?
90	9	How many degrees are in a right angle?
£1.50	10	How much money is shown?
3	11	Look at the calendar shown. How many complete weeks are there in September?

Mental Mathematics - Set C - Test 1

3 (accept without am/pm)	12	What time is shown by the clock?
>	13	Write in the correct symbol to make the sum correct.

For the next group of questions you will have 15 seconds to work out each answer and write it down.

Answer	Question Number	Question
9	14	What is half of eighteen?
5	15	What value does the symbol need to be to make the sum correct?
11	16	Victoria was born 1st January 1997. How old will she be on the 1st January 2008?
20	17	What is the perimeter of the shape shown?
8	18	What is four plus five plus six takeaway seven?
365	19	How many days are there in a year?
12	20	If a equals seven and b equals five, what is the answer to a plus b ?

'Put your pens down. The test is over.'
